

FROBEL ACADEMY

Newsletter Nov-Jan'19, Issue-05

Dear Parents,

Frobel Academy is committed to provide the best possible environment and teaching methodologies to our learners. In this regard, we are pleased to welcome Mr. Subrata Das as the new Head of Key Stage 2. He has vast teaching and administrative experience in some prestigious schools, and we are sure he will add a lot of value to our school community. We are also pleased to announce that we have found a new rented campus nearby and in July 2019 all our classes will be shifted there. Moreover, construction work has started in our new Ananya campus and we hope to shift there in 2021.

As always, we require your prayers and support to encourage us in this journey.
Thank you

Huwra Zohair
Principal and Director
Frobel Academy

Milestone Achievements

Frobel Play School and Frobel Academy proudly celebrated Bijoyer Mash along with children by organizing a street festival called **Happy Street**. For the occasion, two roads were blocked and transformed into a playground safe for children. Some highlighted activities such as pottery, cricket, badminton, hopscotch, magic show and live performances took over the streets. We also had The Laughter Club, The Crack Platoon (Self-defence club), a pet's corner and photo opportunity with street art dispersed throughout the venue. Everything on these two streets was FREE! Happy Street is an initiative under **Street Smart, aProCH** meant to bring the community together. The Honorable Mayor of Chattogram, AJM Nasir inaugurated the event along with the directors of BSRM Group of Companies, Frobel Play School, and Frobel Academy. Children and people of all ages along with their families and friends loved and appreciated the effort and a novel opportunity to celebrate Bijoyer Mash. People and children of Chittagong came together to laugh, rejoice and play.

The **Annual Sports Day** was celebrated with great gusto by all learners of Frobel Academy. Many interesting and interactive games were played, and each learner enjoyed the activity. Our theme for this year was teamwork with collaboration – and the idea was to develop the sportsmanship of all learners.

Chef's Corner was organised by our Pre-Primary and Primary Teachers' Training Certificate (PPTC) trainees. They designed the activity, requested learners to bring the materials, and taught the learners how to make various yummy treats in class. It was a fun experience for the children.

The **Universal Children's Day** was celebrated according to UNICEF's theme of SAFE TO LEARN with Upalabhdi Foundation's children from the orphanage. All the children played games and participants from Upalabhdi Foundation and Frobels Academy performed in a talent show.

For the first time, Frobels Academy held an **election** to select the Student Leader from our learner's community. Since we had the country's election, it was an important moment to teach the learners about the democratic process. With an immense eagerness, all the learners voted on election day and one leader won. **Mohammad Izyan Iqbal of Class 3 Sun** is the student leader until the next election, and he will be the voice of the learners.

It's difficult to put into words the exhilarating excitement that gripped the learners on **Backward Day**. Most learners showed up in school in uniforms worn backwards. They walked up the stairs backward and proceeded to do a lot of backward activity. Such ideas allow the learners to develop an appreciation for out of the box thinking.

Frobels Fun Fair was a resounding success, and a lot of credit goes to our supportive parents community. A big thank you to our awesome teachers, staff, and learners along with their parents who showed up to play games, eat the delicious food, and participate in Housie and Raffle Draw. As always, the fun fair helped raise funds for some important milestones such as creating a play ground for learners of Frobels Academy in the new campus and renovating the Learning Junction in Frobels Play School. renovating the Learning Junction in Frobels Play School.

The **field trip to the zoo** was a highlight for the learners. They really enjoyed watching all the animals and gathering knowledge about their habitat and food.

The **annual concert** of Frobel Academy was a resounding hit. The tiny tots performed songs, skits, and dances with gusto and the audience was enthralled with the skills and enthusiasm displayed by the young children. The riveting show was highlighted by the grand ambiance and decoration which added to the delight of all those who were present. The program included skits about Bangladesh history and victorious wins and solicited pride in the nation's progress. The theme also included focus on teamwork, collaboration, communicative skills, and teaching children how to make decisions. Director Huwra Zohair's speech highlighted the need for inclusiveness in school, importance of raising children who are aware of their cultural values, feel responsible for the community, and take joy in life long learning.

Interesting Activities

Apart from the overwhelming lists of milestones, a great number of other important activities took place. **Parent observations** were done for Class 1 and 2. **Buddy interactions** continued with Frobel Play School's young learners. An **evacuation drill** was organised, **assessments** took place in December, and report cards were handed over in January. A **parents meeting** was held for Class 3. Preparations have begun to kick off the **debate competition** in school.

A **dental camp** was held for learners sponsored by Pepsodent and we wish to express our gratitude to **Dr. Parag Chowdhury, Dr. Manash, and Dr. Uddipan Kumar** who gave their valuable time. All our staff was given vaccinations and health check ups. Class 2 completed one **Design for Change** for safe playground and one for clean toilets in the school. A day of festivities was organised for **teachers' picnic** at Fakhri Agro Farm.

Term 1
